TOWN AND COUNTRY.

NOTICE.

We have turned over our books and notes to Robt. M. McKee Esq. Those indebted to us will call and settle with him.

S. McGarvey's Sons & Co.
Feb. 10, 1876.

—Any mad out your way.

—The G. J. is raising 'em.

—Circuit Court in session.

—Fifteen spittings of the beautiful, Tuesday.

—They indulge in casino most by hereabouts.

—Measles still raging among the Tusculum students.

—See advertisement of the Ladies' Aid Association Fair.

—The local lodge of Good Templars has been adjourned sine die.

—Who sent him that valentine?

—He wants to find the man, that's all.

—Our physicians report a great deal of sickness in town and country.

—Principally pneumonia.

—Jas. H. Robinson, Esq., run the judicial machine Monday, in the absence of Judge Gillenwaters.

—Smoke your glass. A partial eclipse of the sun March 25th; partial eclipse of the moon March 10th.

—Col. John McKinney and Major Felix Earnest of the Jonesboro Journal honored us with visits yesterday.

—The first term of Rev. R. D. Park's school expired Tuesday.

—He has it in a very flourishing condition.

—Charles Rankin died at the home of his mother, two miles above town, Saturday, 12th inst., of consumption.

—They say money is awful scarce.

—I can't get any at all, but we have to meet the man who isn't going to the Centennial.

—April showers are rushing the season, imposing on the good nature of the public, as it were.

—Plenty of them Sunday.

—Several of the boys have been in other parts just now, which will, in all probability, detain them until after the present season of court.

—The people along Lick Creek are enthusiastic in favor of Col. John Weems for the Legislature.

—They could not have picked on a better man.

—Judge Gillenwaters failed to put in an appearance Monday. The people murmured audibly. They say he should either travel on Sunday or let them stay at home Monday.

—The "busy bee" the symbol of activity indeed! Why, you don't see one all day long now, while the cheerful beekeeping plies his occupation from early candlelight to break of day. This thing must be changed.

—An old fellow called at the hardware store, last week, and inquired for mining tools. He said he had mined gold in Utah and California, and other Western States, and that he had traced gold from Ducktown to some point on the Holston.

—Next Tuesday will be the anniversary of G. H. Hatchet Washington's little birthday. The John-son Guards will do the father of his country the honor to appear in their regalia suits on the auspicious occasion. We commend their patriotic zeal.

—Capt. Frank Heybarger dropped in to see us Tuesday morning. He tells us that his patent for selling well. Several State rights have been disposed of and those who purchased them report flattering success. Good fortune could not have fallen on better shoulders.

—State Treasurer Morrow is here to appear in the case of the State vs. John W. Ellis, ex-Revenue Collector.

—Messrs. Allison and Earnest of Jonesboro; Col. McKinney, of Rogersville, and Judge Barton of Morristown are among the lawyers attending this term of court.

—J. Q. (he says that Q stands for "Curiosity") A. Remine is in attendance on court, and informs us that they had a high old time at the organization of the new county of Unacoi.

—Our readers will notice Mr. J. B. Spencer's advertisement in this issue. He keeps up a very large stock of drugs, groceries, chemicals, &c., and the public will do well to patronize him.

—Thomas Fletcher, the young man who was bound over to court some time ago for the supposed theft of seven dollars from Mr. E. Link, had his trial yesterday and was acquitted. The money was returned to him.

—Base ball is reviv'g. A game was played at Cove Creek, last Saturday, between nines of Peach Grove and the Cove Creek. The score stood: Peach Grove, 26, and Cove Creek, 50. Another game was played between nines of Holly's Creek and Rheatown, at the latter place. Score, Rheatown, 8; Holly's Creek, 86.

—Geo. B. McGaughey and family left for Atlanta Thursday evening last, where they will in the future reside. Mr. McGaughey being a member of the firm of McGaughey Bros. Greenville has lost several good citizens in the past few years, but we know of none whose departure was a greater loss to the community or more deeply regretted by all. We wish him success in his new sphere.

—According to our Holly's Creek correspondent Tusculum will soon be putting on corporation airs. The place has a store, a mill for grinding corn, a saw mill in course of erection, a monthly paper, a local physician, a town site with the best of water. Town lots are selling at \$50.00 an acre. He thinks the day not distant when Greenville will have to look out for her laurels. The Holly's Creek base ball club, he says, considers that it has put a finisher on the Greenville first nine, as the latter failed to come to time on a challenge.

—In a letter to H. H. Ingersoll, J. B. Killebrew states that he is rejoiced to see that the people of our County are preparing articles for the Centennial. He says of the rocks and ores, that they need no particular preparation. But the specimen blocks of marble should be dressed at least on one side. The iron ores might be sent along in the rough blocks, the larger the blocks the greater attention they will attract. Everything intended for the Centennial should be placed on the railroad and Gen'l J. T. Wilder, of Chattanooga, notified. He will take charge of the articles and see that they are placed in proper position. Everything should be in readiness before the 1st of March.

APPLETON'S JOURNAL.

A Household Weekly Magazine, DEVOTED TO POPULAR LITERATURE, AND ALL MATTERS OF TASTE AND CULTURE.

APPLETON'S JOURNAL appears in new type and with other mechanical improvements, making it the handsomest weekly literary journal in the country. APPLETON'S JOURNAL aims to be comprehensive, including in its plan all branches of literature, and treating all subjects of interest to intelligent readers; it designs to be elevated in taste and pure in tone; it gives in quantity fully twenty-five per cent. more than the largest of the Monthly Magazines, while in quality its literature is of the highest class. Price, \$4 per Annum; 10 cents per Number.

SPECIAL ANNOUNCEMENT.

The undersigned has procured, exclusively for subscribers to APPLETON'S JOURNAL, a splendid steel engraving of "Charles Dickens in His Study," which is offered, under special terms to every subscriber—in advance—to JOURNAL for 1876.

This steel engraving is in blue and stipple. It is not a fancy picture, but an actual representation of Charles Dickens's study at Gadshill, while the portrait of the distinguished author is strikingly faithful. The size of the plate is 20 x 14, printed on heavy plate paper 24 x 20, making a large and handsome engraving for the parlor library wall. The execution of the plate is of a superior order.

The ordinary price of a steel engraving of this character in the print-shops would not be less than five, and perhaps six dollars. It is offered exclusively to subscribers, in addition to the Journal for one year, for \$5.00—that is, for \$1.00 additional, each yearly advance subscriber to the JOURNAL for 1876 may receive a superb engraving worth fully five times the amount.

This engraving is entirely new. It has never been for sale in the print-shops, and cannot be obtained except in connection with APPLETON'S JOURNAL upon the terms and conditions given above. It will be mailed to subscribers postage prepaid.
